As a follow-up to the *Intelligent Lives* documentary shown at Wayne State University on October 18, 2018, MI-DDI will be presenting a series of web-based Special Interest Forums. These 1-hour, webinar-style forums will allow a deeper dive into some of the topics touched upon in the film.

The forums will feature expert panels made up of individuals with disabilities, family members and professionals. Participants will have opportunities to ask questions of the panelists. Additional forums, addressing other topics raised by the film, will be scheduled in 2019.

Register for these FREE webinars*:

Who we are...

The Michigan Developmental Disabilities Institute (MI-DDI) is the state of Michigan's University Center for Excellence in Developmental Disabilities (UCEDD) and part of a national network. MI-DDI is dedicated to the development of inclusive communities and quality of life for people with disabilities and their families through a culturally-sensitive, statewide program of interdisciplinary education, community support and services, and research and dissemination of information.
