The Special Interest Forum series is a follow-up to the [Intelligent Lives](#) documentary premiere at Wayne State University in October 2018. These 1-hour, webinar-style forums provide a deeper dive into topics touched upon in the film.

Please join MI-DDI on **March 21st, 2019** for an online Special Interest Forum exploring the topic of *Inclusive Postsecondary Education*. Participation in postsecondary education has been found to positively impact the quality of life of individuals with developmental and intellectual disabilities. A guest panel featuring **Micah Fialka-Feldman (Syracuse University)**, **Dr. Theo Ressa (WSU)** and **Dr. Jennifer Coyle (WMU)** will share their experiences building and participating in inclusive postsecondary educational opportunities.

Register for this FREE webinar*:

Who we are...

The Michigan Developmental Disabilities Institute (MI-DDI) is the state of Michigan's University Center for Excellence in Developmental Disabilities (UCEDD) and part of a national network. MI-DDI is dedicated to the development of inclusive communities and quality of life for people with disabilities and their families through a culturally-sensitive, statewide program of interdisciplinary education, community support and services, and research and dissemination of information.
