(586) 217-5899

Live Rite Structured Recovery Corp is a non-profit organization which subsidize the recovering addict's housing, education, therapy, and after care with the goal of that person becoming a productive drug and alcohol-free member of society.

Our mission is to reduce the stigma and provide resources, education, and funding to the person and their families seeking recovery from active addiction. Saving one more life, so that they may easily transition from the life of active addiction onto a lifestyle free from drugs, alcohol, and destructive behavior. Building a foundation to become a productive citizen in society.
